Dear Mr. Satendra Kumar,

Sir, I would personally and sincerely like to **"Thank You"** for all the assistance you have rendered towards Yaadein Vision Australia. Your invaluable contributions have made what Yaadein Vision is today. The strong bond we share is very much appreciated.

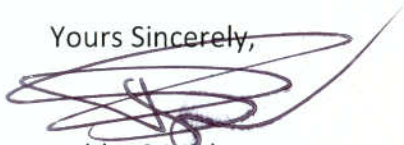

As you know very well, the most prominent Global Charity, Yaadein Vision celebrated its "14 Years of Giving" few months ago. Yaadein Vision started its humble journey of Giving in 2000 and to date we have supported over 5,000 children to go back to school, provided many water tanks to needy schools, provided many Computers and set up Computer Labs in remote schools. Assisted many medical patients and financed many Micro Enterprise projects in Fiji. Just lately Yaadein Vision very successfully installed a bore Hole Pump in Bangladesh, Ba to over 100 households who used to get drinking water from a nearby river. Yaadein Vision with its Bore Hole project has given the community of Bangladesh fresh clean drinking water.

Yaadein Vision has always been in the forefront of any disasters in Fiji, be it 2005 Cyclone Amy in Labasa, 2009 Floods, March Floods in 2012 or Cyclone Evans in Dec 2012.

Yaadein Vision prides itself in collecting, sending and personally distributing in Fiji within days of any disasters in Fiji.

Sir, I hope this partnership strengthens more so in years to come so we can always continue to join hands and assist the not so privileged in Fiji.

Yours Sincerely,

Bobby S Mishra
